

ALL AUGURS FAVOR THE REPUBLICANS

GOOD WEATHER FOR ELECTION IN WISCONSIN.

Republicans Claim the State by a Small Majority—Schofield May Run Behind in Scandinavian Counties—Reports From the East Are Conflicting.

Milwaukee, Wis., Nov. 8.—[Special]—It was good republican weather early this morning, but toward noon clouds appeared and gloom prevailed everywhere, even at the democratic camp. It was more cheerful at the republican headquarters. There was still the feeling that none were too secure. Reports from the state were about the same as in Milwaukee, favorable weather to republicans being the cry. By 10 o'clock over one-fourth of the vote in the city had been cast, showing that the republicans were out early. At noon both sides were claiming a victory, each by about 2,000 to 3,000 plurality. It is expected that there will be a large stay-home vote, which means considerable loss to the republicans.

There seems to be no doubt about the success of the republican party in this state however, and the political observers believe that the republican ticket will be elected by about 20,000 plurality. Owing to the factional fight against Gov. Scofield, he is expected to 2,000 behind the ticket. The defections are mostly in Milwaukee, Waukesha, Dane, Portage and Vernon counties, where the voters are expected to cut the governor to a great extent. In some of the Scandinavian counties Scofield will also be cut.

The republicans are reasonably sure of the election of all ten congressmen. The only places where there is any doubt is in the second, fourth and eighth districts. The legislature will be republican without doubt, unless there should be another landslide. The democrats will have about thirty votes on joint ballot in the senate and assembly out of 133.

Washington, Nov. 8.—[Special]—Reports received from all over the country indicate that an unusually heavy vote is being polled. The weather is generally fair except in the northwest. The election is proceeding quietly in North Carolina, where trouble was feared. Few white republicans are voting, except the democratic ticket.

The republicans in New York are jubilant over the early and heavy vote. Oyster Bay, Roosevelt's home, will give a democratic majority of 250.

In Pennsylvania, Stone, the regular republican nominee for governor, will have a safe plurality.

There is apathy in Kentucky and a number of southern states.

Chicago democrats claim the election of the entire ticket. No disturbance of consequence is reported from anywhere.

New York, Nov. 8.—[Special]—There is a wide disagreement in the estimates of the result of the election in this state. The democrats claim Van Wyck's success by a majority of about 30,000, while the republicans predict that Roosevelt will have about the same number. Betting is slightly in favor of the democrats.

Reports from Illinois say a heavy vote is being cast. There is rain in the middle and southern parts.

There is light snow in North Dakota. A Fargo dispatch says the entire republican legislative ticket will be selected in that district.

In Milwaukee the working men voted early. The blanket ballot is being used and there is much scratching.

In Minnesota both parties claim a victory and every effort is being made to get a full vote.

In Michigan there is much cutting on the state ticket. The republicans claim that Pingree will be re-elected.

A heavy vote is being cast in Iowa. At Dubuque the election of Henderson to congress is conceded. Des Moines will vote against a reapportionment of the general assembly.

An Indianapolis, Ind., dispatch says the chances are flattering for the democrats. The negro vote is disappointing to the republicans.

DAY MAY BRING BLOOD.

Intense Excitement Prevails at Wilmington, North Carolina.

Wilmington, N. C., Nov. 8.—There is intense suppressed excitement in this city. Conservative men do not expect a race conflict today, yet they concede that the situation is very grave and that the unexpected may happen. Certainly all the elements of a frightful encounter are at hand. It was supposed that every white man in the city had armed himself days ago, but the hardware men report that since Sunday they have sold guns, pistols and knives until they have not a weapon of any kind left in stock.

How well armed the negroes are is an uncertain question, but Mayor Wright said he believed they were well equipped with revolvers or Winchester. Where they got these arms, if they possess them in any considerable quantity, is a mystery, for the white people here exercised every precaution to keep them from buying guns here or anywhere else. Even the railway companies have refused to deliver suspicious packages to anybody but well-known representatives of the cause of white supremacy.

There can be no doubt of the determination of the white people to carry the election. The republicans have no county ticket in the field, having been intimidated out of their purpose to nominate candidates for the county offices, but their opponents do not want negro votes to go toward the success of the state, congressional and senatorial nominees of the republican party, and no opportunity will be overlooked to defeat those nominees in New Hanover county.

STRIKERS ARE DRILLING.

Squad of Twenty-Five Armed Men Discovered Near Panama.

Pana, Ill., Nov. 8.—Twenty-five strikers, armed with new Winchester, have been drilling for a week past in various parts of the country near here. Last Thursday night they were discovered near Penwell's powder-house, two miles from here, and Friday night they drilled in the woods east of town.

As soon as the matter was made known to Mr. Penwell he informed Maj. Butler, who, with Deputy Watts, started for the scene. He left orders for troop B to be in readiness in case it became necessary to use it. It was supposed at first by the Penwell employes that the men were drilling near the powder-house either to prevent him from getting powder therefrom or to capture the powder for future use. He was not interfered with, however. Maj. Butler and Deputy Watts returned empty-handed, but confident that the men had been drilling.

The authorities have been on the alert, but the men change their place of drilling each day and then disperse before being located. Maj. Butler believes there is trouble yet to come.

SAGASTA GIVES UP HOPE OF INTERVENTION.

Powers of Europe Will Counsel Him to Agree to America's Demands—General Miles' Report Criticizes Alger and Shafter—Yellow Fever at Havana.

Paris, Nov. 8.—[Special]—It is now thought that a treaty of peace between the United States and Spain will be concluded within the next ten days. Sagasta has abandoned all hope of European interference on Spain's behalf, and has received intimations that unless an agreement is reached soon the powers may interfere to compel an acceptance of the terms of the United States.

It is probable that a final appeal for a mitigation of the severity of the terms will be made at Thursday's meeting of the commission, and failing to secure it, Spain will yield, entering a protest against the surrender of the Philippines, which will be incorporated in a note to the powers. It is not expected that any notice will be taken of this protest.

The greater portion of the young women employed at the South Main street factory of the Janesville Clothing company, laid down their work yesterday and decided to quit there and then. In other words they went out on a strike. The cause of the trouble was over wages. The young women claiming that they were not receiving enough for their labor. Manager Cunningham was at once notified of the existing trouble and he lost no time in getting the leaders together in order that matters might be satisfactorily adjusted. After the controversy had been discussed pro and con the majority of the girls decided to return to work.

There were several who did not return, claiming that they didn't see where they had gained a point by so doing according to the schedule set by Manager Cunningham. In speaking of the trouble this morning one of the young women said:

"There are about thirty of us girls employed in the factory, and for several days past we have not been able to make even fair wages, and of course we became dissatisfied. After talking the matter over, we decided that the only way to do was to demand better wages, and in so doing to demand it in a body. We did so, and Mr. Cunningham promised to make a change in the piece work system, whereby we think we can do better. Then the majority of us returned to work, although there were others who did not."

The Janesville Clothing Co. will not be affected in the least by the trouble, aside from the short delay, and this afternoon all was well.

THEY PROMISE A HOT GAME

Chicago-Wisconsin Controversy Will Be a Bit Tensely Contested One.

The football game of Saturday between the universities of Chicago and Wisconsin will be the last meeting those clubs will play. Chicago papers say that the indiscriminate protesting of the university of Chicago football players, coupled with the remarks and charges of professionalism among the players and athletes at the university of Chicago, which have come from the university of Wisconsin, have given rise to the report that there is a strong possibility that athletic relations on the gridiron between the schools will end for some time after the game on Saturday.

The Chicagoans promise to give the Badgers the hottest game on Saturday they have ever played. The Windy City boys will show no quarter at any stage, and if there are no casualties every one will be greatly surprised.

The consul's statement shows that the value of the goods so exported from one district was \$705,523, against \$352,635 for the corresponding month in the preceding year. The consul says that these increases were mainly in white and printed cotton goods, all of which could be made in the United States.

Anxious as to the Maria Teresa.

Washington, Nov. 8.—Navy department officials feel a long way from certain that the Maria Teresa, Admiral Cervera's flagship in the dash out of Santiago harbor, is really at the ocean's bottom. As a matter of fact the fear that she would sink caused her to be abandoned by her crew and forsaken by her escort. It is highly probable that a searcher will be sent out to learn the ship's fate, for it is felt she may now be a derelict.

In the evening they were doubly surprised when twenty-five of their neighbors walked in unceremoniously and took possession of their home. All join in wishing them many happy returns of their wedding day. H. R. Osborn is nursing a bad finger, having caught it between two logs he was loading. Boilers and Eton jackets in various modifications, as a part of the costume, are in equally good style as the long coats among the French models.

A little jacket, the shortest possible under the arm, is made of novelty silk and wool cloth in olive green and brown. The broad revers, making a sharp point at the bust, are trimmed with three black velvet cords and small buttons of velvet. The high collar, open to the throat in front to produce a continuation of the full front of the waist, has the same little buttons as a decoration. The jacket has a pointed back and neck to repeat harmoniously the lines on the skirt, which is a new seven-gored model of tabac brown cloth whose width at the foot is four yards. Three velvet cords form a simple trimming for the bottom, as well as for the edge of the circular peplum over-dress, which is attached to the skirt in yoke effect on the sides and back and has a point each side of the

THE GAZETTE AGENCY, W. W. CLARKE, Manager, Milton, Wis., Nov. 8, 1898.

The stock and grain trade is not remarkably brisk, the prices on hogs not being very satisfactory. Shipments in car lots since my last report include two cars of oats and one of wheat by J. S. Fetherston, three cars of hogs by Vincent and Hassenger, and two cars of tobacco by C. L. Culton. T. A. Saunders received one car each of lumber, coal and brick.

Dr. J. H. Burdick spent Saturday in Milwaukee.

George and Carl Davy were Milwaukee visitors Sunday.

The residence of Mrs. James G. Bond was burglarized Sunday evening during the temporary absence of Mrs. Bond. A pocket book containing \$15 was stolen, also two notes given by L. C. Burdick and Prof. J. D. Bond. The thieves effected an entrance by forcing a window, breaking the sash lock. The visit was made between the hours of 7:30 and 6:30 and the early hour indicates that it was the work of local talent or tramps.

Supt. David Throne, of Atton, was a visitor in the village Monday.

Ex-Senator P. J. Clawson, of Monroe, addressed the republicans here Monday evening instead of Hon. H. P. Fay, who was billed. The senator was given a full house and his effort was greeted with frequent applause. He devoted most of his time to the tariff and money questions. Good music was furnished by the Cornet band and the meeting was a successful one.

Vincent & Hassenger shipped four cars of hogs Monday.

D. E. B. Swift went to Menomonee, Mich., today, where he has an engagement. He returns Saturday and will go east next week to fill engagements there.

Evans, the blind man, presents his musical entertainment at college chapel this (Wednesday) evening. Give this worthy man your patronage.

The notes stolen from Mrs. J. G. Bond Sunday evening, were returned to her by mail Tuesday morning. The letter was postmarked at Beloit on the 7th.

Lima

Lima, Nov. 8.—Mr. and Mrs. Wm. Masterson were Janesville visitors last Friday. A daughter came to the home of Mr. and Mrs. Frank Lauer last Monday, Oct. 31, to stay an indefinite length of time. Mr. and Mrs. Tom Carroll have a baby boy born Nov. 7, and Tom is unusually happy. Mrs. Emily Curry left Friday morning for her home in Escanaba, Mich. Addie Crandall, who has been a guest of Lima friends the past two weeks, returned to Milton Junction Monday. Mrs. Hoswell, of Eagle, spent Sunday with her daughter, Mrs. Will Wurster and family. Fred Osterheldt came down from Stoughton, Wednesday and spent until Saturday morning calling on friends here.

Mrs. R. B. Carlson and daughter, came from Footville Saturday and spent Sunday with our postmistress, Mrs. Chapman. Mrs. W. D. McComb and Beulah went to Milton Friday night and W. D. brought them home Sunday.

Mrs. Mina Douglas and son, of Whitewater, visited at R. H. Stetson's recently. Frank Freeman has had to give up his studies in Whitewater on account of poor health. The railroad company set us a good example a couple of weeks ago by making a new sidewalk across their property. Perhaps if some one would start the ball rolling we might have one as good all the way through town.

WAIT FOR AN EXPLANATION.

French Foreign Minister to State His Position.

THE COUNTRY IS CALMER.

Some Anxiety is Shown as to the Situation, but There Seems Little Probability of War—Canadian Reserves to Be Mobilized.

Paris, Nov. 8.—It was rumored in some quarters here that M. Delcasse, who holds over as minister for foreign affairs from the Brisson cabinet, would reply to the interpellation on the status of the Fashoda matter in the chamber of deputies Monday. M. Delcasse was indeed for a moment on the ministerial bench at the opening of the session, but he left the hall after a

M. DELCASSE.

Few minutes' conversation with M. Deschanel. On this, his first appearance in the chamber since the formation of the Dupuy ministry, M. Delcasse received an ovation. Today he will make a speech on the business his office has in hand.

The public shows much anxiety to hear M. Delcasse's explanation of the situation with reference to Fashoda, though it is not expected to differ much from what is already known. Since the crisis that followed Gen. Chanholle's resignation the country has grown more and more calm, and now there is not the shadow of a war cloud on the French political horizon.

RESERVES ORDERED TO MOBILIZE
Resources of Canadian Provinces to Be Put in Good Condition.

Halifax, N. S., Nov. 8.—A cablegram was received by the military authorities Monday from the imperial government ordering a mobilization of reserves and further ordering that all fortifications be put in thorough repair at once. Lord Seymour, commander-in-chief of the imperial forces, notified Col. Irving, commandant of the militia forces in Nova Scotia, to be at Ottawa on the 15th of this month, when all the commanders in the other provinces will meet in conference.

Marchand Makes a Speech.
Cairo, Nov. 8.—Maj. Marchand, in a speech delivered at the French club tonight, expressed great sorrow over

MAJ. MARCHAND.

the abandonment of Fashoda. His expedition, he said, had started to carry the French handgrip across French Africa to the French of Egypt, who, if few today, would be numerous tomorrow, forgetting nothing and abandoning nothing.

To Supply Coal to Warships.
St. Johns, N. F., Nov. 8.—The British government telegraphed the colonial ministry asking the number and tonnage and capacity of steamers available at this port to convey coal from Sydney for the use of British warships. The cruisers Cordelia and Pelican will be held at Sydney to capture St. Pierre and protect St. Johns in the event of war being declared. The cruisers are also instructed to break the French cable between St. Pierre and Brest, France.

Italy's Fleet Is Ready.
Rome, Nov. 8.—A telegram from Spezzia to the Messagero says that the naval authorities there have been ordered to send large quantities of supplies to the Italian squadron at Madalena islands, and also to hold the reserve squadron in readiness for an emergency.

Dreadfully Nervous.
GENTS.—I was dreadfully nervous and for relief took your Kar's Clover Root Tea. It quieted my nerves and strengthened my nervous system. I was troubled with constipation, kidney and bowel trouble. Your tea soon cleansed my system so thoroughly that I rapidly regained health and strength. Mrs. S. A. Sweet, Hartford, Conn. Sold by People's Drug Co.

Burglars Caught at Work.

North Grafton, Mass., Nov. 8.—Three desperate safe-blowers were discovered in the postoffice here Monday morning. An alarm was given and twenty citizens turned out with shotguns and pistols. The postoffice was surrounded and two of the burglars were captured after a fusillade of nearly half an hour. The third one was shot dead.

SPEAK OUT

The Search Light of Publicity Is Pleasing Janesville People

Publicity is what the people want. Let the people speak on the subject. There has been too much claim, to little proof. Claims made by strangers is not proof. There is only one kind of proof for a Janesville citizen. That is the experience of people we know. When friends and neighbors endorse, Make public statement of their case. There can be no question about such evidence. This is the convincing proof we have. Which backs every box of Doan's Kidney Pills: No other kidney pills, no other kidney remedy Can produce such proof. Here is one case of the many we have:

Mr. E. Dillenback, of 126 Milton Ave., retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Janesville Co's. store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

STAND BY THE PRESIDENT

William McKinley, President and Commander-in-Chief of the Army and Navy of the United States, represents today honest money and the credit, prosperity and progress of the country as much and more than he did in the memorable campaign of 1896.

Stand by the president in every state in the Union! Vote for men who will vote to sustain him! Vote for republican candidates for congress, and for republican members of legislatures that will elect United States senators! Vote for every candidate identified with the president's party!—N. Y. Sun.

VALUE OF THE PHILIPPINES

The value of the Philippine islands is shown by the report made by Admiral Dewey. The admiral has forwarded to the navy department a memorandum on mineral resources of the Philippines, prepared by the admiral's request by Prof. George F. Becker. Prof. Becker made thorough researches and consulted all the available authorities. Only about a score of the several hundred islands, he says, are known to contain deposits of valuable minerals. He includes a table showing the mineral bearing islands and their resources. This table follows:

Luzon, coal, gold, copper, lead, iron, sulphur, marble, kolin; Catoan, Duanes, Sibuyan, Bohol and Panacan, gold only; Marmidague, lead and silver; Mindoro, coal, gold and copper; Cararay, Balan, Rapurapu, Semara, Negros, coal only; Masbato, coal and copper; Romblon, marble; Samar, coal and gold; Pahay, coal, oil, gas, lead, copper, iron and perhaps mercury; Beliram, sulphur only; Leyte, coal, oil, gas, gold, lead, silver and iron; Mindanao, coal, gold, copper and platinum; Sulu archipelago, pearls.

We are pained to admit that we cannot give the returns in this issue, but it can do no harm to suggest that they will be found in tomorrow morning's Recorder.

But in the heat of the excitement do not forget that something must be done about the damage suits against the city. Six of them are set for trial at this term of court.

The man who says "I told you so" will soon be rampant, and a verdict of "contributory negligence" will be in order if he gets "licked."

Some one started the rumor that the Fifth ward had gone republican, but up to the hour of going to press the rumor had not been confirmed.

It is to be hoped that you did not vote a split ticket—they cause the election officials so much extra work, you know.

Don't get impatient, friend. Remember that Admiral Dewey and his men will not get the returns for several days.

The Gazette will get election returns tonight from all over the country, and the office will be open "as late as may be."

And now it is all over but the shouting—ag—with a fair prospect that this will also be attended to before morning.

Of course you read over the banking law before you went to the polls to vote on its adoption or rejection.

"And now I must bear the 'cross of gold'" said the republican ticket as the voter put an "X" at the top. "While

I interrupted the democratic ballot, 'am all split up with a crown of thorns.' And so it went.

Many a man who rode to the polls in a carriage today was compelled to trudge back to his work on foot.

We are gratified to state that there was a notable lack of "bloodshed and rioting" at the polls today.

And if it is not yet 7 p. m., Mr. Voter, we would advise you to go and vote the republican ticket.

There is one thing certain—Candidate Chaffin will also find himself in the "also ran" column.

The polls opened at six o'clock this morning, and will remain open until 7 o'clock this evening.

The popular song of the day—"There'll Be a Hot Time, in the Old Town Tonight!"

Of course you voted, but did you first "brush your teeth," and "black your shoes?"

If you have not yet voted, remember the polls close at 7 o'clock sharp.

The cruel war is over,—or will be in a few hours.

IMPRESSIONS OF THE WEST.

Letter from a Presiding Elder of the Methodist Episcopal Church.

Presiding Elder Robertson Writes Encouragingly of the Prospects of the Northwest—Compares Minnesota with Dakotas.

Doubt was expressed by some of the earliest colonial fathers whether this country would ever be settled west of what is now a suburb of Boston.

On the Chicago & Northwestern railroad train that bore me to South Dakota a few days ago a mother and child doted eagerly from the car window on nearing Canby to see if they could discover the new home the husband and father had settled for them. Two evenings before, seventy-five people got off at Canby to populate the prairies round about that one town. The country from Canby east to Marshall shows a remarkable advance in the few years that I have known these parts.

A recent Bostonese accession to cultured St. Paul society asked several if she had pretty nearly reached the frontier. Whether this question is a projection of the forefathers above mentioned or prompted by St. Paul society, I do not know, but I am confident the time is not far distant when there will be no frontier in the United States.

To an inhabitant of Norway and Germany, with a map of this country before him, a distance of a few hundred miles east or west counts for naught. He sees none of our imaginary frontiers. He seeks a home where land is cheap and asserts dominion over the wild region.

In the lifetime of the original settlers that community is classified with the established order and the "pioneers" are become "old settlers." And what about the land? The "pioneer" planted his shanty on the virgin soil and staked out his "claim." In the process of getting his living, with small additional money expenditure to the government, the "claim" becomes his "farm." As for advance in value, price some of the farms in southeastern Minnesota that are still in possession of the men who first settled upon them.

The history of eastern Minnesota is being repeated in western Minnesota and beyond. Canby is almost as far from Winona as Winona is from Chicago. The train that put off the mother and children at Canby carried me onward for a journey of more than a hundred miles beyond into South Dakota. All along the journey communities gave evidence of thrift and contentment that assure the future of this wide region which surprises me beyond measure with its already accumulated wealth and the unbounded confidence of the people. I write this mindful of the doubtful tales which others than I may have been led to consider as the only incidents to an otherwise dreary monotony. What I have just seen makes me a convert to the faith of the people, who are already supplanting the pioneer shed and shanty with substantial barns and comfortable homes.

Dr. Chauncey Hobart, yet living in Red Wing, was pastor of the little frame Methodist church, located in what is now the heart of the great business district of Chicago. He was with the pioneers in southeastern Minnesota. I have been in Chicago upon the site of that early church and felt the throbbings of life within that mighty city whose vast piles that could gracefully wear the age of centuries were reached within the mature years of one man. I have traveled over Minnesota where that same man saw civilization's beginning.

Wearied with the march he turns aside and succeeding generations leave ancestral homes and push on to repeat the history of what has been. In the new Methodist church in Canby, costing \$1,300 and dedicated with all bills paid, I met, the prosperity they enjoy, their intelligence and earnestness make it plain that this was no longer frontier.

Said Gladstone "America is another name for opportunity." In this I concur but realize anew that the door of opportunity opens westward.

More Sample Cloaks.

In this week, another line of Jackets--- samples from an Eastern maker; includes many of the shades that are scarce, such as tan, castor, brown and blue. No two garments in the line are alike, and in addition to this feature we shall offer them at our well known sample prices, which means a saving of one-third. If you have not been able to find a coat that suits you, come in and look through this line and we believe you will find a garment to please you. We have made ample provision for ladies wearing larger sizes than the average and are showing a very satisfactory lot of coats in sizes 38, 40, 42, 44 and 46 bust measure. One advantage for women who require these sizes is that there is no additional cost added for extra sizes; these large sizes begin in price at \$5 and from that up; all prices are represented.

Judging from the large sale we have had on Misses' and Children's Coats, we believe our line is far the best in town; certain it is that we never sold so many garments in the same time as have been sold so far this season.

ROUNDING UP.

THE CAMPAIGN

REPUBLICANS HOLD THEIR FINAL MEETING.

Stirring Addresses Delivered by Capt. Pliny Norcross, Ogden H. Fethers, M. G. Jeffris, and J. M. Whitehead—The Issues Before the People Clearly Stated.

The closing republican rally of the campaign at the opera house last evening attracted a large audience which was both interested and enthusiastic. The crowd was composed chiefly of voters keenly alive to the importance of the pending contest and jealous of the good name of the state and nation. The speakers all received close attention, and the applause indicated where the chief subjects of interest centered. Every reference to the conduct of the national administration under the control of President McKinley evoked a round of applause; mention of the conduct of state affairs—the work of the governor in placing the institutions of the state upon a stable basis where they should be an honor to the people of the state—called out hearty plaudits.

Capt. Norcross Speaks

Capt. Pliny Norcross was the first speaker. He spoke of the past record of the republican party, for whose candidates he cast his first vote thirty-eight years ago. He spoke of the illustrious services to their country of the great leaders of the party—Lincoln, Grant, Hayes, Garfield and Harrison, fifty supplemented by the administration of William McKinley, destined to be as glorious as that of any in our history. He had never had occasion to regret having voted for any of these noble men.

It was the duty of the people of Wisconsin at this time to sustain the administration of the present chief executive of the nation in connection with the war with Spain. He believed that one of the fruits of the war should be the extension of American institutions over the Philippines, Ladrones, Porto Rico and Cuba.

The speaker urged upon his hearers the necessity of turning out today and casting their votes for the candidates of the republican party all of whom were worthy of their support from Gov. Scofield down to the last nominee on the county ticket. Each should receive the hearty support of every patriotic citizen.

Mr. Fethers' Speech.

Hon. Ogden H. Fethers was the next speaker. He was well received, and spoke for about half an hour, devoting himself mainly to state matters. He alluded briefly to the past democratic administration, both state and national, and spoke of what they had cost the people, both in a financial point of view and in loss of dignity and honor. Gov. Scofield was pronounced a man without blemish. The democrats had made a great ado over the fact that an express company had taken his meek-eyed Jersey cow from Oconto to Madison on a pass, but the governor, as soon as he heard of it, had insisted upon paying the cost of transportation and thus the cow was eliminated from the campaign in the opinions of all sensible men.

The democrats had made a great ado over the fact that the state taxation had been greatly increased during the past two years. The charge was true, but what was the cause of the increase? First of all the normal school at River Falls had burned and there was not a cent of insurance upon it. This had to be rebuilt at considerable cost. Then the industrial school at Waukesha had been consumed by fire and this also was a state loss. Then two normal schools had been added to those in care of the state and there was this much to show for the outlay. The collection of historical relics and data in the rooms of the state historical society was the most extensive and valuable of any similar collection in the world. This was liable to be destroyed in an hour. To guard against such a calamity the state had made a large appropriation for the construction of a fire proof building to preserve these things. Then it had been determined to separate those just entering upon a career of vice from the hardened criminals who are sent to the state prison and in order to do so the state reformatory at Green Bay had been constructed. The end sought was to reform those who had not been confirmed in criminal ways, to teach their useful occupations and to enable them to become useful citizens when their terms of confinement ended.

There were all worthy enterprises, and there was not a taxpayer in Janesville who would not cheerfully pay his share of the cost. Her state institutions—educational, penal and reformatory—had made Wisconsin famous all over the world, and but a short time ago a commission of experts from Germany had visited the state in order to take pattern after us.

Mr. Jeffris' Speech.

M. G. Jeffris made one of the arguments for which he is well known. He spoke of national and state issues, and took Mr. Stromme to task for a statement he had made. He said the democrats complained of high taxes, but when the last democratic administration went out of power, they left an empty treasury, and owed \$800,000 to be paid. He said the democratic administration did not send a Jersey cow by express but instead planned the roster case. His allusion to this scandal in the democratic party, where state officers were sued and charged with conspiracy, called forth prolonged applause.

Mr. Jeffris then paid his respects to

Mr. Stromme, the democratic candidate for secretary of state, saying that if Stromme's statements had been correctly reported to him, then Mr. Stromme had wandered away from the beaten path.

Mr. Stromme had made a statement concerning the sleeping car and express taxation bills, which Mr. Jeffris had passed upon for the governor. Mr. Jeffris said the governor wanted to know if they were constitutional and legal. Mr. Jeffris said "no," because the aye and nay vote had not been called.

Chief Clerk's Statement.

Chief Clerk Houser, of the senate, had told him (Jeffris) that such was the case, and that a quorum was not present. The governor then told Mr. Jeffris that he was sorry that the bills were not legal, as he desired to sign them, but if they were illegal, he could not do so.

Mr. Jeffris also defended Assemblyman Wheeler against the charge made by a newspaper concerning the damage suit law, saying that the law in question did not apply to Janesville because Janesville had not adopted that section of the uniform charter law. He denounced such tactics in unmeasured terms and paid tribute to Mr. Wheeler, urging the voters to rally to his support. In closing he asked the people to vote the straight ticket today, from governor to coroner.

Mr. Whitehead's Address.

Senator John M. Whitehead was the last speaker. He said that unless the democrats could give a better reason for republican desertions, than the republicans could give for not deserting, all republicans should vote the straight ticket. He told of his acquaintance with Gov. Scofield, and his reason for supporting him. The renomination of the governor had pleased him greatly, he said, and he supported him with pleasure. He spoke of the state taxes, and corporate conditions, and said that these conditions must be changed before results could follow.

He spoke of the results of the war, and responsibilities that the nation must accept. His allusion to these responsibilities called forth long applause. In closing he made a plea for the party.

Capt. Pliny Norcross made the closing remarks. The meeting was one of unusual interest, and the large audience listened with close attention throughout.

CITY FATHERS IN REGULAR SESSION

LITTLE BUSINESS CALLS FOR THEIR ATTENTION.

A Few Street Improvements Are Ordered—All Sidewalks To Be Put in Good Repair for the Winter—Sewerage System Plans—The Uniform Charter.

The superior attraction at the Opera house last evening had a dampening effect upon the meeting of the common council, and there was little business of importance done.

Various reports of city officers were presented and approved.

Orders were adopted as follows:

By Ald. McLean—Accepting the work of macadamizing South Main street from Racine street to Carrington street, and that the city clerk draw orders on the treasurer for \$1,854.58 in favor of James Cape & Sons, in full payment for work as follows: General fund, \$242.35; Third ward fund, \$955.39; special tax fund, \$656.84. Also that the clerk make out a special tax roll for macadamizing South Main street between Racine street and Carrington street, the expense of the macadamizing being \$2,456.04.

By Ald. McLean—That the street commissioner be directed to employ not less than one man in each ward to inspect in all the sidewalks as the city, and to report all sidewalks in need of repair, and where the expense of making said repairs will not exceed \$5 the street commissioner is directed to repair the same, after giving twenty-four hours' notice to the owner or occupant to do so, and that the expense of making such repairs be charged against the owner of the property.

Also that the street commissioner repair the sidewalk on the southerly side of Milwaukee street bridge, and serve legal notice on the Janesville Cotton Mills to repair the surface dam or gutter in and along its head race on Milwaukee street in the Fifth ward.

By Alderman Sennett—Directing the city engineer to prepare plans and specifications for a system of sewerage in this city with diagrams of the plans of the sewerage for each sewerage district, showing the lots and parcels of land, main sewers, minor sewers, main holes, catch basins and all other matters pertaining to the system. Referred to the sewerage, highway and bridge committee.

Alderman McLean brought up the matter of the ordinance adopting a portion of the uniform charter which had been published according to law. The ordinance received its first and second reading, the rules were suspended and it was adopted unanimously.

On motion of Alderman Burnham, the council adjourned until Nov. 14 at 7:30 o'clock, at which time the council will take action on the granting of a charter to the new telephone company.

CHARLIE GARDNER TONIGHT

Promise Of An Excellent Entertainment This Evening.

Karl Gardner, the sweet singer and prince of German comedians, appears at Myers Grand tonight. He has surrounded himself with real actors, real funmakers, good singers and good comedians. Original in interpretation and methods Mr. Gardner still possesses his sweet voice as in days of yore. He is natural, unaffected and a pleasing representative delineator of German comedy. Particular mention should be made of his songs "Sweet Clover," "Apple Blossoms," "The Chamisso Hunter," "The Milk Maid," and his latest success "Old Glory, the Blue and the Gray," all of which will be rendered in his new departure. The entire company will participate in the new and up-to-date fad, the grand cake walk. The election returns will be read from the stage.

THIS IS A LEGAL HOLIDAY

Public Business Generally is Suspended For Election.

This being a legal holiday the city is exceedingly dull. The courts are all closed, as are all the saloons. The mail carriers made their usual morning deliveries, and will take a rest during the afternoon. All departments of the postoffice was closed from noon on. The city and county offices were closed and so are the banks, and an opportunity will be granted to the employees to devote the day to salvation of the country at the voting precincts, or to make use of it as they see fit.

The polls will remain open until 7 o'clock this evening in all the cities of the state having a population of 5,000 or more. In cities of less than 5,000, and in towns and villages which have not provided otherwise by resolution of their legislative bodies, the polls will open at 9 o'clock and close at sundown. The election officers are required to make proclamation both at the opening and the closing of the polls.

NO EXCITEMENT AT LOCAL POLLS

ELECTION PROCEEDING QUIETLY IN THE CITY.

Vote Will Not Be Heavy as at the Presidential Election of Two Years Ago—Little Scratching Is Expected—Appleby, Thorpe and Cooper Run Well.

The election in Janesville is passing off quietly. There is no noticeable excitement at any of the polling places, and electors are depositing their ballots "with neatness and dispatch" for Scofield and the balance of the state ticket. There is evidently little scratching, as the voters consume but little time behind the veil that separates them during the preparation of their ballots from the outside world.

The vote promises to be smaller than that cast at the presidential election in 1896, but it does not appear that either party has the advantage by the stay-at-home vote. There will be as large a relative falling off in one party as in the other. If any difference exists it is in favor of the republicans.

Appleby seems to be running well in all portions of the city, and will have a good round majority. There is no cutting of Thorpe for treasurer. Cooper for congress appears to be secure for his full party vote. Jackson is holding his own bravely as near as can be ascertained.

Vote at 3 O'clock

The vote recorded at 3 o'clock this afternoon as compared with the total vote cast at the same hour at the last three elections, was as follows:

	1896.	1897.	1898.	1898.

The Fireman's Work.

People have a wrong idea of the work of a fireman. He doesn't get paid for shoveling coal. He gets paid for getting heat out of the coal. Some way with coal itself. LYNCH LAW IN ILLINOIS.

Toluca Mob Deals Out Justice to a Negro.

HAD CONFESSED HIS CRIME.

George Stewart Pays the Penalty for a Vicious Assault on Miss Mary O'Brien—Two Hundred Prominent Men Take Part in the Execution.

Toluca, Ill., Nov. 8.—George Stewart, a negro, was taken from the Marshall county jail at Lacon, Ill., at 12:30 o'clock Monday morning and lynched a mile and a half from the Lacon city limits by a mob of 200 Toluca citizens. The lynching was done to avenge an assault on Miss Mary O'Brien, daughter of John O'Brien, a pit boss in the mine at Toluca, where the crime occurred at 9 o'clock Friday night.

So quietly was the crowd formed and the plans so neatly executed that not even the people next door to the jail knew what was happening. The mob left Toluca about 9 o'clock Sunday night, driving to within a mile and a half of Lacon, where the rigs were left and the crowd proceeded on foot to the jail.

Jailer Broadbuss was alone on duty when the knock came at the door, and in answer to "Who's there?" he was told to open up and turn Stewart over to them. Upon his refusal to do this the door was battered down, the keys were taken from the jailer and Stewart was dragged from the cell, his hands were tied and he was ordered to come with the crowd. He admitted that he was the guilty man and was game to the last.

The mob took the negro to the place where the rigs were left and hanged him to a tree. Before the rope was placed around his neck Stewart told them to tell his wife that he died happy. It is not known who led the mob or who composed it, but it is generally said that it was made up of some of the best citizens of Toluca and vicinity.

The coroner's jury impaneled at Lacon rendered a verdict that Stewart met his death at the hands of parties unknown.

Miss O'Brien's condition is serious, but she will recover.

ANGRY AT GREAT BRITAIN.

Russian Press Shows Irritation Over Fashoda Affair.

St. Petersburg, Nov. 8.—The St. Petersburg newspapers show great irritation at Great Britain over the settlement of the Fashoda affair.

They agree in declaring that her conduct will arouse the powers interested in the free navigation of the Suez canal to a common discussion of the best means of preventing the final establishment of Great Britain in Egypt. The Novosti says that since the Egyptian question is purely of an international character, it must be solved by a congress of the powers, which should proclaim the perpetual neutrality of Egypt under a protectorate of all the powers.

Floods Do Damage in Cuba.

Havana, Nov. 8.—Owing to the constant rains which have fallen recently the streams in the province of Matanzas have overflowed, flooding over 1,000 acres in the Roque district of that province. The land inundated had just been planted with sugarcane and fruit trees after three years of neglect, and the disaster has again plunged the inhabitants of this district into the deepest misery. The Yumuri valley has also been flooded.

The evacuation of the cities of Sancti Spiritus and Trinidad, in the province of Santa Clara, is expected to be completed on Nov. 15.

Pitkin, Colo., Nov. 8.—The buildings on both sides of Main street, from Fourth street to Fifth, forty in number, were destroyed by a fire, believed to have been of incendiary origin, which started at 4 o'clock Monday morning. Warships Going to Samoa.

San Francisco, Cal., Nov. 8.—The United States will soon be represented by two warships in Samoan waters. The crack cruiser Philadelphia, now at Mare Island, has been ordered to take on all coal possible and sail for Apia at once. The gunboat Yorktown, now undergoing repairs at the navy yard, will follow the Philadelphia as soon as her repairs are completed. The latest advices from Samoa indicate that the relations between the Americans and Germans are somewhat strained.

THE SIMPLEST CURE FOR INDIGESTION.

As Well as the Safest and Cheapest.

The new medical discovery, Stuart's Dyspepsia Tablets, digest the food instead of making the worn out stomach do all the work, give it a needed rest, and a cure of dyspepsia is the natural result.

You get nourishment and rest at the same time, because these Tablets will thoroughly digest all wholesome food taken into the stomach whether the stomach works or not. A cure is certain to result because the digestive organs are given a chance to rest and recover their natural vigor and tone. The Tablets are then no longer required.

To show the manner in which the remedy acts on different people and how quickly and effectually it cures stomach troubles we present a few recent cases. Mr. J. O. Wendley, of Peoria, Ill., writes: I was unable to eat anything but the plainest food and even that often distressed me, but since using one box of Stuart's Dyspepsia Tablets I can eat anything and everything I want.

Mrs. Samuel Kepple, of Girty, Pa., writes: I have been entirely relieved of my stomach troubles by your tablets. I suffered three years with sour stomach and gas at night. I am thankful for them.

Mrs. A. E. Bowen, Barnard, Vt., writes: I think Stuart's Dyspepsia Tablets are the best thing for dyspepsia I ever took. I will recommend them to anyone troubled as bad as I was.

Stuart's Dyspepsia Tablets will not disappoint because they cure dyspepsia surely and lastingly by causing the food to be properly assimilated, and cure constipation by producing the proper quantity of bile. Sold by all druggists at 50 cents per package. Send for free book on stomach diseases to Stuart Co., Marshall, Mich.

NO CHANGE IN OUR PLANS.

Peace Commissioners Given Their Final Instructions.

NOT A QUESTION FOR EUROPE.

Administration at Washington Is Determined to Retain the Philippines and to Pay None of the Military Indebtedness of Spain.

Washington, Nov. 8.—One of the highest authorities of the administration said last night:

"No change in the instructions to the peace commission has been made, because of Spain's rejection of our proposition, and none will be made, whatever the result of the election. The case has been made up and the instructions given."

"The president has outlined his policy on lines laid down by the American people. He will stand by the instructions which have already gone to the peace commissioners to retain the Philippines and pay no military indebtedness of Spain."

"He will not change these instructions, whatever the result of the election, though he should have to resume hostilities to compel Spain to sign a treaty of peace. He will not recognize that it is any more a question for the advice of the European powers than he did when we went to war with Spain."

URGES SPAIN TO MAKE PEACE.

Madrid Liberal Gives Good Advice to the Government.

Madrid, Nov. 8.—The Liberal, in its leading article, urges the government to make peace with the United States with the utmost speed. The article has caused a great sensation.

That paper says the meddling of Russia, Germany, or any other country should be avoided, as such interference would only result in fresh disasters to Spain.

Prime Minister Sagasta said that it was by no means assured that Spain would send to the European powers a memorandum on the Paris negotiations.

Russia's Hint to the Powers.
Rome, Nov. 8.—Russia proposes to the powers to present a note to the United States regarding the control of the Philippines. Italy is not disposed to accept this proposition. The official journal today published a note declaring Spain had little hope of gaining an advantage in retaining the Philippines. The best she will be able to do is to compromise the matter.

Madrid Is Impatient.
Madrid, Nov. 8.—All Madrid is impatient to see the end of the Paris conference and to know the result of the deliberations. Public opinion is unanimous in favor of the cession of the Caroline and Ladrones islands and the island of Palawan in the Philippine group.

Michigan Judge Is Killed.

NO SORROW FOR FASHODA.

French Press Does Not Blame the Government for Dropping It.

New York, Nov. 8.—A dispatch to the Herald from Paris says:

"No one, even in the 'no-surrender' press, blames the government acrimoniously for not having dragged the country into a policy of dangerous adventure on a subject which has never for a single moment taken hold of public opinion in France. Among most moderate men there is a feeling that Great Britain has been lacking in prudence and perhaps in foresight in not considering the amour propre of her neighbors, as she easily might have done."

"It is remarked that Lord Salisbury in his speech, while admitting the disappearance of the direct cause of the acute dispute seemed to open a door somewhat complacently to numerous disputes which may arise between Great Britain and France. From these words it is implied that other questions which diplomacy is endeavoring to disconnect from that of Fashoda will be shortly brought up for discussion, and it was in order to influence these settlements, which Great Britain is disposed to hasten, that she decided to make such an imposing and blustering demonstration as a maritime power."

"Uncasiness as to the future—if not the immediate, at least the not far distant—is not, therefore, quite dissipated in circles where an endeavor is made to foresee more distant consequences of the recent incidents. This feeling is reflected by the somewhat fantastical formula of a diplomatist when alluding to the events of the war between Spain and the United States: 'It seems to have created a new style of mind among the Anglo-Saxons. Great Britain, who, according to her national song, "Rules the Waves," is unknowingly uncomfortable at seeing the record of her naval victories beaten, even by a friendly power.'"

Thin, Pale Blood,

Weak, Irregular Pulse, Fluttering of Heart, Palpitation Sallow Skin

Sunken Cheeks, Faint Spells, Indicate Heart Trouble. Cure it With

Dr. Miles' New Heart Cure,

The Great Heart and Blood Tonic.

Will it soon wear away? Oh! No! How many thousands of unfortunate sufferers have gone down to an untimely grave because they heeded not the warnings. A weak heart never cures itself. Because of its feeble action, circulation is impaired, the digestive organs are deranged, the liver and kidneys fail to cleanse the impurities of the blood. Disease and decay effect the whole body, but Dr. Miles' New Heart Cure will put things to rights. It stimulates digestion and assimilation, while it assists the liver and kidneys in their work of purifying the blood. It gives new strength to the heart and builds up the wasted tissues.

Mrs. Alice Clark, Elkhart, Ind., relates her experience in the following words: "About two years ago I began to have occasional fainting spells which gradually became more and more severe. After each spell I would be very weak nervous, and my heart exhibited signs of functional disorder. My physician was unable to relieve me, my trouble developed into nervous prostration, and

it was conceded by all my friends that my time for this earth was exceedingly limited. But I am happy to say that now that time is evidently far distant, thanks to Dr. Miles' New Heart Cure and Restorative Nervine. After the first few doses of these medicines my appetite improved, my spirits brightened and I grew rapidly better. In six weeks I had gained ten pounds, and the disagreeable sensations which I had so long experienced had completely disappeared."

"Since taking a number of bottles of Dr. Miles' New Heart Cure my health is better than for many years' past. I no longer experience any trouble from lying on my left side, have no pain and scarcely any palpitation. My heart used to palpitate and beat so violently that the movement could be noticed through my clothing. My heart became greatly enlarged, but now the trouble has nearly all disappeared and I feel well and strong."

ANDREW JACKSON,
Centralia, Wash.

"For four years I suffered from heart disease and nervousness which was

caused by La Grippe and pneumonia. I had sharp pains in the heart, palpitation and a distressing feeling of faintness; was short of breath and could not sleep or rest well at night. My health run down, and I became so thin and weak that I could not attend to my business. Responsible parties recommended me to try Dr. Miles' New Heart Cure which I did, and after using four bottles of that medicine together with two of Restorative Nervine, I was completely cured of heart trouble and nervousness and have enjoyed good health ever since."

WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract

Why not something else?

Because

Dr. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used."
Dr. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best."
Dr. J. C. MITCHELL says: "Pond's Extract of Hamamelis Virginia is the only reliable article I have found."
Dr. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar."
Dr. H. F. MERRILL says: "It is far superior to any I have used in strength and purity."
Dr. R. J. HARRISON says: "I have never found any extract equal to Pond's."
Dr. POWELL says: "Hereafter I shall use no other than Pond's Extract." And numerous others of similar purport.

EXPANSION IS FAVORED BY TWO OF US

Uncle Sam favors expansion in territorial possessions. He is on the right track and will extend his great free institutions to all corners of the globe.

WE FAVOR STOVE BUSINESS EXPANSION.

and are reaching out a greater distance each year, getting a firmer foothold with the stove-buyers of Rock county. Our thirty years and over of unparalleled stove selling has been the means of securing for us a reputation most enviable. The stoves we have handled have played a strong part in the expansion of our business. Five of the best and truest stoves that anyone could wish to put out to the trade are doing much toward extending our business this season to a great degree.

Garlands, Peninsulars, Radiant Home, Round Oak, Jewel!

Any one of them will cause the purchases to say a good word in our favor. Our stove business is enormous, and the fact of its being large is not merely chance. High qualities and low prices, besides always doing as we agree to do to the letter are responsible largely.

Minor details, as well as the

most important, are carefully looked after in the construction of Jewel Stoves and Ranges. It is an aggregation of perfect features, small and large, that makes the perfect stove. This fairly accounts for the high merit of the Jewels. In point of efficiency, convenience, durability, design and finish, they outrank all other makes. Ask the dealer for them, and look for the above trade mark.

Jewel stoves are made by the large st makers of stoves in the United States—they are good stoves in every way. Come in and talk stove with us any time.
